

Government Engineering College, Dahod (018)
Computer Engineering Department (07)
Semester: 2nd
Tutorial List
Basic Electronics (2110016)

TUTORIAL-5

- Q.1 Give the Classification of Signal in Signal Processing.
- Q.2 Explain the block diagram of the Basic Communication system.
- Q.3 Describe : Digital Communication System.
- Q.4 What is Modulation. Explain : Frequency Translation in the Modulation Process, Need, Advantages.
- Q.5 Write a brief description about pulse Modulation and Give their Classification.
- Q.6 Explain the types of Interference and Noise.
