

Government Engineering College, Dahod (018)
Computer Engineering Department (07)
Semester: 2nd
Tutorial List
Basic Electronics (2110016)

TUTORIAL-6

- Q.1 Explain about the Modes of Propagation of EM Waves.
- Q.2 Write about : GPS
- Q.3 What is Amplitude Modulation and Give its type and expression for AM
- Q.4 Give and explain the classification of Analog Communication System.
- Q.5 Draw the Block diagram of Communication System involving antennas giving their classification and explanation of the antennas.
- Q.6 Write a brief introduction about geotropic Radiator.
- Q.7 What is Transmission Lines and classify it.
- Q.8 Compare : AM and PM.
