

GOVERNMENT ENGINEERING COLLEGE DAHOD
MECHANICAL ENGINEERING DEPARTMENT
Entrepreneurship

Live Project

Details of Project:

- Title: **Student Store**
- Items to be kept in Student Store: Files, Spring-files, File pages, Note books, Pens, Pencils, Drawing sheets etc.
- Lab manuals: PT, MP-2, Workshop (Manual and workbook), DOM, CAD & other subjects
- Workshop instruments/Kits:
- EG drawing instruments/Kits:
- Students will prepare Lab-manuals in consultation with subject in-charge and get copyrights in the name of the institute for the same.
- Students will design a logo (which will be finalized by the faculties) and get it registered as trademark of the institute.
- Students will go for marketing of the lab-manuals to the nearby institutes.
- Students group will prepare a presentation of the business proposal with above mentioned details and get it approved by HODs and Principal sir. If need arises, the presentation will be given to potential investors or investor groups. After assessment of the project proposal, space may be provided to the students to run the student store in the institute premises.
- Though the project is a part of curriculum for Mechanical Department Students, other department students can also join if they wish to.
- Last date of registration for the project is **12th January, 2019**. Interested students can register on the link: <https://goo.gl/forms/U0JW8o5tt1PLqDxr2>

For further details about the project, the interested students can contact **Prof. T. P. Gundarneeya** at Mechanical Department.
