Dear Students,

As you know that, during the last semester total more than 200 students of our institute have been trained for life skills and employability skills under the finishing school training program. These students have completed 50 hrs of training.

I am happy to share with you that out of these 200+ students, approximately 198 number of students were shortlisted in the placements organized during last 4 to 6 months in the institute. Also, out of these 198 numbers, 39 number of students were finally got the offered letter in the different industries. This is the outcome of training taken by these students in the finishing school program.

Now we are planning to complete the remaining 50 hrs of training. The details of training program are as given below. The basic purpose of this module is to improve the functional and spoken English of the students.
