REPORT ON

POST-BUDGET WEBINAR “Sabka Saath, Sabka Vikas (Fulfilling Aspirations of People)”

Date: March 9, 2026 Government Engineering College, Dahod

Event Overview

Government Engineering College, Dahod, organized a dedicated viewing of the National Post-Budget Webinar. Students from the Electronics & Communication and Electrical Engineering departments gathered to listen to the address by the Honourable Prime Minister, Shri Narendra Modi, regarding the implementation of the Union Budget 2026-27.

The webinar was streamed simultaneously across three primary venues to accommodate the student body.

Venue 1: EC Seminar Hall

- **Faculty in Charge:** Prof. Hemal Patel, Prof. Kundan Patel
- **Student Attendance:** 34 Number of students were present.

Venue 2: Electrical Seminar Hall

- **Faculty in Charge:** Prof. Megha Mahida, Prof. Mittal Parmar, Prof. Manish Chaudhary
- **Student Attendance:** 55 Number of students were present.

Venue 3: Computer Seminar Hall

- **Faculty in Charge:** Prof Tarunika Chaudhary
- **Student Attendance:** 32 Number of students were present.

Insights from the Webinar

The webinar provided a strategic roadmap for the "Viksit Bharat 2047" vision, focusing on how the budget fulfils the aspirations of the youth through several key sectors:

Education and Skill Upgradation:

- Emphasis on shifting from traditional rote learning to **Research-Driven Learning**.
- The necessity of aligning college curriculums with the **Real-World Economy**, specifically focusing on **AI, Automation, and Digital Manufacturing**.
- Promotion of the **AVGC sector** (Animation, Visual Effects, Gaming, and Comics) as a burgeoning field for technical innovation.

Health and Care Economy:

- A shift toward **Preventive and Holistic Health**.
- The emergence of the "**Care Economy**", creating millions of skill-based jobs for youth as care-givers for an aging population and international markets.
- Expansion of **Telemedicine** to bridge the rural-urban healthcare divide.

STEM and Gender Inclusivity:

- Recognition of the rising interest of female students in **STEM (Science, Technology, Engineering, and Mathematics)** fields.
- The government's commitment to ensuring that no aspiring student is held back due to a lack of resources or opportunities.

Tourism and Connectivity:

- Developing a **Holistic Tourism Ecosystem** by training youth in hospitality, digital connectivity, and community participation to boost local economies.

Sports Infrastructure:

- Professionalizing sports bodies and providing structured financial support to identify and nurture talent from small towns for future global events like the Olympics.

The webinar served as an essential bridge between policy-making and the student community, providing the students of GEC Dahod with a clear understanding of the futuristic technologies and sectors that will drive India's growth in the coming decade.
