Cyber Security Awareness Workshop

Event Title:	Cyber Security Awareness Workshop
Date:	04-12-2024 12:00 PM
Venue:	Conference Hall, Admin Building GEC DAHOD
Organized By:	GEC DAHOD in collaboration with the Cyber Crime Police Station Dahod
Target Audience:	Students, Faculty, and Staff

Introduction

A **Cyber Security Awareness Workshop** was held at Government Engineering College Dahod on 12-04-2024, organized in collaboration with the **Cyber Crime Police Station Dahod**. The workshop aimed to raise awareness about the growing importance of cyber security and to educate the college community about various cyber threats and safe online practices. The event targeted students, faculty, and staff, providing them with valuable insights into the world of cybercrime and practical steps they can take to protect themselves online.

Objective

The main objectives of the workshop were:

1. **To raise awareness** about the risks associated with cybercrime and online threats.
2. **To educate participants** about practical strategies for protecting personal and institutional data.
3. **To provide resources** for identifying and mitigating common cyber threats such as phishing, ransomware, and identity theft.
4. **To promote safe online practices** and encourage responsible use of the internet among students and staff.

Agenda

The workshop followed a structured agenda, with interactive sessions and discussions:

1. **Welcome Address and Introduction**
 - Opening remarks by Prof. S Y BHIMLA, ASSISTANT PROFESSOR, GEC DAHOD.
 - Overview of the workshop objectives and importance of cyber security.
2. **Keynote Session: Cyber Threats and Their Impact**
 - Presentation by Mr. VIPUL CHAUHAN, Police Constable, Cyber Crime Police Station Dahod.
 - Discussion on recent cybercrime cases, trends, and the evolving threat landscape.
 - Overview of common types of cybercrime: phishing, ransomware, identity theft, and social engineering attacks.
3. **Session 1: Cyber Security Best Practices**
 - Delivered by Mr. Mahesh B BAMANIYA, Police Constable, Cyber Crime Police Station Dahod.

- Practical tips for securing personal data and devices (e.g., strong passwords, two-factor authentication, regular software updates).
 - The importance of awareness in identifying suspicious emails, websites, and phone calls.
4. **Session 2: Protecting Your Digital Footprint**
- Speaker: Amitaben Jaiswal, Police Constable, Cyber Crime Police Station Dahod.
 - Guidance on managing privacy settings on social media platforms and safe browsing habits.
 - How to protect online accounts and avoid sharing sensitive information.
5. **Interactive Q&A Session**
- Open forum for participants to ask questions related to cyber security issues they face in their personal or academic lives.
6. **Closing Remarks**
- Summary of key takeaways and next steps.
 - Closing speech by Dr Ishak Shaikh Assistant Professor, GEC DAHOD.
 -

Key Takeaways

The workshop successfully provided participants with essential knowledge on how to safeguard themselves from cyber threats. Key takeaways included:

- The increasing prevalence of cybercrime and its impact on individuals and organizations.
- The importance of maintaining strong passwords, securing Wi-Fi networks, and using encrypted communication tools.
- The role of regular software updates and using antivirus software in preventing cyber attacks.
- Practical steps for recognizing phishing attempts and avoiding common online scams.
- The necessity of maintaining digital hygiene by being cautious about sharing personal information online.

Conclusion

The **Cyber security Awareness Workshop** was an informative and impactful event that equipped attendees with the knowledge and tools needed to protect themselves from cybercrime. In collaboration with the **Cyber Crime Police Station Dahod**, the workshop served as an essential step in fostering a culture of cyber security within the college community.

Given the increasing number of cyber threats, the need for continued education and awareness is more critical than ever. Moving forward, the college plans to organize additional workshops and initiatives to further strengthen its cyber security practices and ensure the safety of its community in the digital age.
